

# CONGRATULATIONS

Dear Exhibitor,

Congratulations on exhibiting at **9<sup>th</sup> International Alumina Quality Workshop 2012 (AQW)**. PerthExpo Hire is proud to have been appointed official contractor for this event. We look forward to providing you with our professional and personalised service.

To assist you in exhibiting successfully at this exhibition, we have enclosed a few helpful hints along with vital information relating to your stand. We greatly appreciate your assistance in completing the enclosed forms and returning them to us **by February 10<sup>th</sup> 2012**

Each stand consists of Octanorm white PVC walls, company name sign with Blue coloured vinyl lettering on a White background, together with 2 x spotlights per booth and 1 x 4amp power point (1000 watt).

***Velcro can be used to attach posters etc to our walls however please do not use Black Velcro on our white walls as this damages the walls. We have White Velcro available for purchase onsite if required.***

In addition, we are pleased to offer you the following options:

## EVENT FURNITURE

Our catalogue of 'Exhibition Ideas' can be viewed at [www.perthexpo.com.au](http://www.perthexpo.com.au) Alternatively if you would like a hard copy brochure posted out please contact us.

Filled with our entire range of furniture, accessories and creative solutions, our catalogue is a valuable resource for anyone exhibiting. Please call our experienced consultants for ideas and innovative solutions or fax, post or email us your order.

## GRAPHICS AND SIGNAGE

Perth Expohire has a fully equipped computerised graphics and sign department to cater for all your signage requirements. In addition, our state of the art poster printing facility enables us to create posters, murals, banners and signs tailored to suit your budget.

## CUSTOM DISPLAYS

Effective exhibit design captures attention, communicates your marketing message and boosts your results. Our designers combine talent and technology, using the latest computer software for creating exhibit graphics and highly creative custom exhibit solutions.

Please call today for assistance and advice.

Kind Regards
